

Product Datasheet

Alaska Grey Z-Tile

Sourced from Cumbrian Stone Ltd

Natural Stone Wall Tiles

Z-Tile Wall Cladding

Standard Sizes

Cumbrian Stone's Z-Tiles come in Z shaped units at 600x150mm, with a stepped/Z-detail to allow for easy installation whilst breaking the vertical joints.

Each tile is a nominal 12-15mm thick.

Please note that printed colours may vary from printer to printer therefore the images contained within this datasheet are for reference purposes only. We would always recommend obtaining a physical sample for colour matching purposes. Large display panels of all of our materials available to view at our Penrith showroom, and we are happy to supply a sample of any of our products on request and at the point of order.

The variations shown are indicative of the features that can be found within this material/product. It is not possible to guarantee that any of the features shown will be present in any given stone, nor is it possible to guarantee the exclusion of any of these features. More information on the variations and range of inclusions commonly found within this product can be found at www.cumbrianstone.co.uk
